Next Steps

- After reviewing the school sports partnership provision it was decided to **look at other service providers to provide greater value for money**. Taken into consideration was that all participating schools, of all phases, regardless of size paid the same amount for this service and in this academic year school was unable to participate in several competitions due to criteria which, as a small school, we could not meet which resulted in participation figures falling.
- It was decided to provide top-up swimming sessions before reaching Year 6. Pupils were not participating in lessons which was resulting in very little progress being made.
- To look at provision outdoors to enhance sport participation during breaks and playtimes.
